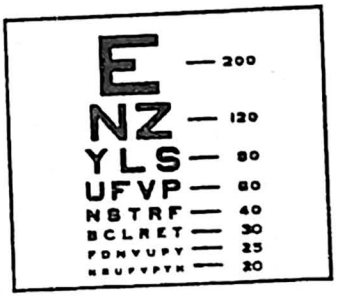
The ability to focus properly and sustain this effort over a period of time will determine whether you carry over your distance acuity into the near world. It is crucial that you realize that 20/20 visual acuity at distance does not guarantee this ability.



REDUCED SNELLEN CHART
Test distance: 16 inches (40 cm)

To check your near vision, one eye at a time, cup or cover one eye lightly without applying pressure, and hold this book 16 inches (40 cm) from your face. Wear your distance glasses. If you can read the bottom line of the Snellen Chart, you have successfully carried over 20/20 distance vision into your near world. If you cannot read the 20/20 line, but can read the line above it, you have only 20/25 vision in that eye; if you can only read the line above that, you have 20/30 vision, and so on.

With the following chart you can check a small child's near vision—one eye at a time. Because of the problem of communicating with preschoolers, start with the large pictures. Make sure you understand the child's word for the figures, whether he calls the bird a chicken, or the jeep a car. It is not necessary to correct him, just ensure that he is consistent throughout.

YOU CAN WIN OVER THE IRS

Sooner or later almost everyone will have a dispute with the IRS. They feel their taxes are unfair. They also have to go through a tax audit. It is estimated that one million people will be audited this year.

Very few people know the tax laws or their Civil and Constitutional rights. They are afraid to stand up to the IRS and demand the IRS follow their own regulations.

"HOW TO ENJOY AN IRS AUDIT, AND BE A WINNER FOR A CHANGE" will take you step by step through an IRS audit. It will tell you what to say. It will tell you what your rights are. It also will tell you where the IRS agent will lie and try to trip you up.

HOW TO ENJOY AN IRS AUDIT AND BE A WINNER FOR A CHANGE can put you in contact with people who can help.

Help you solve your present IRS problems successfully.

- ✓ Back taxes .....cancelled.
- ✓ Liens and Levies .....released.
- ✓ Garnishment of wages .....lifted.
- ✓ Un-payable taxes and penalties .....wiped out.

HOW TO ENJOY AN IRS AUDIT AND BE A WINNER FOR A CHANGE will help you reach people who will help you do this successfully.

Estimates are that tens of thousands of people have challenged the IRS based on the IRS Code. They are now tax exempt. This is a well kept secret the media dare not reveal. They would upset the system.

Many hours of work and research are in this booklet. HOW TO ENJOY AN IRS AUDIT AND BE A WINNER FOR A CHANGE, is an accumulation of essential knowledge. Knowledge that you need to deal effectively with the IRS.

Knowledge is POWER. This is even biblical. Hosea said: "My people perished for lack of knowledge."

Tax time is upon us again. The sucker list grows. The sooner you respond, the sooner you can protect yourself against the IRS.

As a special offer. If we receive your order before the date listed below, you receive a $5.00 savings. Order by 4/10-1994
